SCOPE

During my experience in advertising, I took part in big campaigns and various projects for many recognisable names such as Ikea, Purina, Delta Planet Mall, Pluxee, Blink, XOPark, UniCredit Bulbank, MiniMart and others.

Apart from that, I often take some freelance work involving Logo and Visual designs, as well as digital illustration.

Designer by day, wannabe illustrator by night.
Stone face at first, occasionally funny later.
High spicy food resistance and low OCD levels.

Used to play basketball, but I'm in my 30s now.
I love tattoos, QR codes, all kinds of music,
videogames and the 90s aesthetic realm.
